This policy has been designed to promote quality, consistency and fairness throughout the assessment and internal verification activities. It aims to ensure that standards of assessment are maintained consistently over time.

This document is applicable to everybody involved in the management, administration, training, assessment and internal verification of any qualification delivered within the breadth of this centres activities.

For qualifications where, because of the size or geographic spread of assessments, more than one internal verifier is required to ensure the quality, an Internal Verification Team (IVT) is established.

Where an IVT is required, one verifier is identified and allocated to take on the role of a 'Lead IV', ensuring that the internal verification strategy and sampling plans are effectively established, implemented and maintained by the IVT.

Where only one IV is needed to cover the centre's activities for a specific qualification, the IV is responsible for establishing the IV sampling strategy, sampling plan and subsequent implementation.
