Reasonable Adjustments and Special Considerations Policy (Review Date: 07.9.24)

This policy is provided for learners and staff members who are using or delivering courses and qualifications offered by WimX Learning

Policy Statement

This policy provided for WimX Learning staff members and learners to ensure they deal with all reasonable adjustment and special consideration requests in a consistent manner.

Statement of Principles

WimX Learning is committed to complying with all current and relevant legislation in relation to the development and delivery of qualifications. WimX Learning learners will have fair access to assessments where practicable.

A reasonable adjustment may be required where a learner has a permanent disability of specific learning need (s).

A special consideration may be required where a learner has a temporary disability, medical condition or learning needs or is indisposed at the time of the assessment.

Definition of Reasonable Adjustments

A reasonable adjustment is any action that helps to reduce the effect of a disability or difficulty that places the learner at a substantial disadvantage during an assessment.

Reasonable adjustments may involve:

- changing usual assessment arrangements, for example allowing a learner extra time to complete the assessment activity
- adapting assessment materials, such as providing materials in Braille

- providing assistance during assessment, such as a sign language interpreter or a reader
- re-organising the assessment room, such as removing visual stimuli for an autistic learner
- providing and allowing different coloured transparencies.

Reasonable adjustments are approved or set in place by WimX Learning before the assessment activity takes place; they constitute an arrangement to give the learner access to the assessment.

Requesting Reasonable Adjustments

Learners must make WimX Learning staff members aware of any reasonable adjustments they require. WimX Learning is responsible for applying to awarding organisation for reasonable adjustment requests (when appropriate).

Definition of Special Considerations

Special consideration can be applied after an assessment, if there was a reason the learner may have been disadvantaged during the assessment. Any requests to an awarding organisation for Special Considerations, must be made by a WimX Learning staff member within the set time frame required of the awarding organisation.

Special consideration, if successful, may result in a small post-assessment adjustment to the mark of the learner. The size of the adjustment will depend on the circumstances and reflect the difficulty faced by the learner.

All documents relating to reasonable adjustments and special considerations must be saved and stored securely. The awarding organisation must be given access to any information or documents regarding reasonable adjustments and special considerations, when requested.
